

Capital Karts General Data Protection Regulation Policy

1. Introduction

This Policy sets out the obligations of Capital Karts regarding data protection and the rights of Capital Karts customers, staff, preferred partners and third-party contractors (“data subjects”) in respect of their personal data under the General Data Protection Regulation (“the Regulation”).

The Regulation defines “personal data” as any information relating to an identified or identifiable natural person (a data subject); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier, or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural, or social identity of that natural person.

Capital Karts is committed not only to the letter of the law, but also to the spirit of the law and places high importance on the correct, lawful, and fair handling of all personal data, respecting the legal rights, privacy, and trust of all individuals with whom it deals.
